

Novopress at the Mostra Convegno - Milan 2016

15th - 18th March 2016 - Exhibition Centre Fiera Milano Rho

This year again, Novopress will be represented at the Mostra Convegno in Milan.

On the occasion of one of the world's leading trade fairs, we present a variety of new products, such as the new press devices EFP203 and ACO203XL. New solutions for pressings even in big dimensions up to 108 mm stainless steel (ACO203XL).

Please visit us at our booth E09 in Hall 9

High performance combined with slim design

**Available since
January 2016!**
